HANDCRAFTED SERIES

REAL WOOD GARAGE DOORS

Raise Your Expectations™

Superior Detail

Every Everite door is handmade. We use state-of-the-art equipment to produce the industry's best edge detail and finish. Most models are free from exposed nails or fasteners.

Fine Materials

The best products come from the best materials. Everite sources the best quality kiln dried lumber and composites from all over the world.

Deep Mortise & Tenon Joints

Everite uses the tried-and-true wood joining techniques that have stood the test of time.

Beveled Bottom Rail

Charles River and North County models feature inset paneling with a beveled edge on the bottom rail, eliminating water collection grooves. Water rolls off harmlessly.

True Divided Lites Standard

Simulated divided lites have become the industry norm. At Everite, true divided lites remain the standard.

North Country CUSTOM SERIES

Built on a Garaga Standard+ R-16 insulated steel base, with its industry leading thermal break between each section, wood end blocks and minimal heat transfer from back to front, the North Country Custom door combines high quality thermal characteristics with the look of real custom wood. Everite offers the highest insulation value and the best construction methods of any wood door in the business.

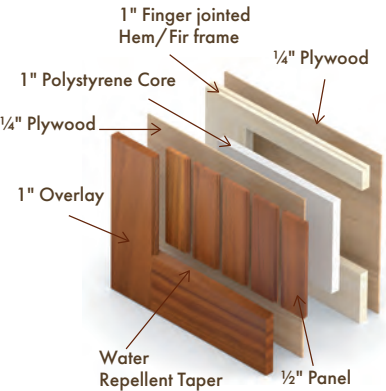

Warranty: 2 Years

Charles River CUSTOM SERIES

Built on a stout hem-fir frame and packed with 1" of polystyrene insulation, these custom models feature time-tested construction details. Overlays are affixed with industrial adhesive and screwed from the backside. No plugs, nails or fasteners show from the front. The beveled bottom rail ensures water runs off harmlessly. Its thoroughly engineered design produces the lightest, strongest and most weather resistant custom doors in the industry.

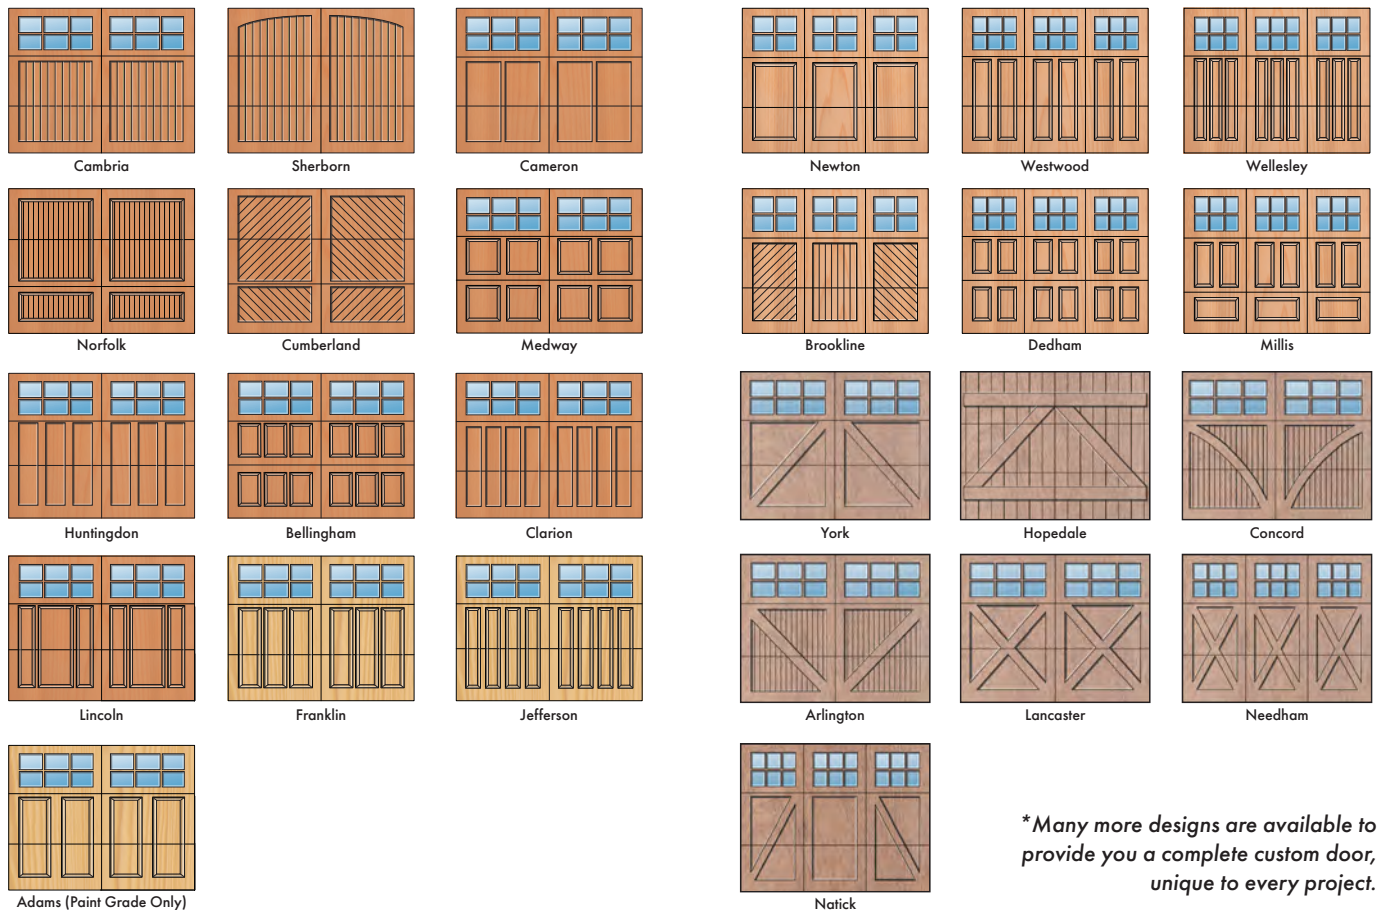

Warranty: 2 Years

Custom Door Models

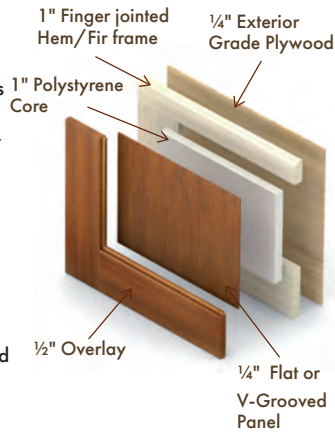

**Many more designs are available to provide you a complete custom door, unique to every project.*

Morano BUILDER SERIES

Built on the same sturdy frame as the Charles River Series, craftsmen attach high quality, 1/4" plywood on the interior side of the frame. Inside is 1" of polystyrene insulation creating an R value of 6. Paint Grade overlay material is Tricoya, a long lasting composite. Paint grade panels are flat or v-grooved Tricoya. Stain grade Morano doors have Sapele overlays and flat Sapele marine plywood panels. Morano models are a great option for cost conscious consumers wanting a well constructed carriage door.

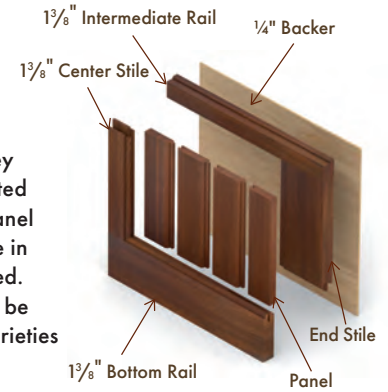

Warranty: 1 Year

Allegheny River SEMI-CUSTOM SERIES

The Allegheny River Semi-Custom Series offers an attractive price for a true carriage door look. These doors are available in paint or stain grade. They are built using Everite's noted 1 3/8" stile and rail frame. Panel options include flat, tongue in groove, v-grooved or raised. Allegheny River doors can be made using other wood varieties shown below.

Warranty: 1 Year

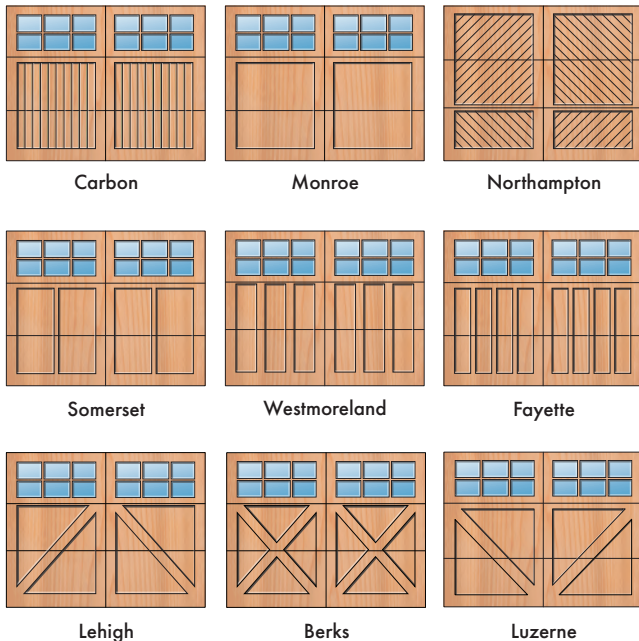

Paint Grade	Stain Grade
Tricoya	Sapele overlay, Sapele marine grade plywood panel (Flat panel only)

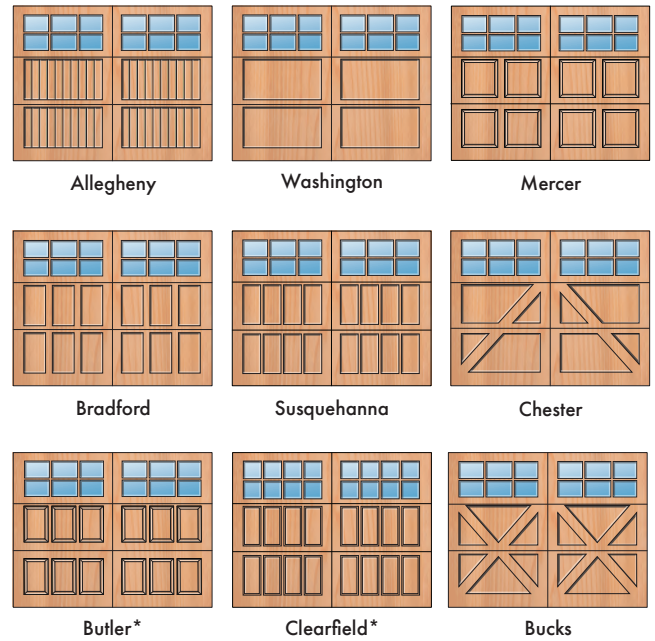

Flat or V-Grooved Panels Only

Builder Series Double-Sided Flush Sections

1-1/2" thick hem-fir frame with R6 polystyrene insulation. These sections are ready for site-applied overlays with unprimed exterior grade plywood on both sides. Upgrade to Tricoya for a ready-to-paint exterior surface. Customized flush doors and wood flush doors are available in the Charles River or North Country series.

*Raised Panel Model

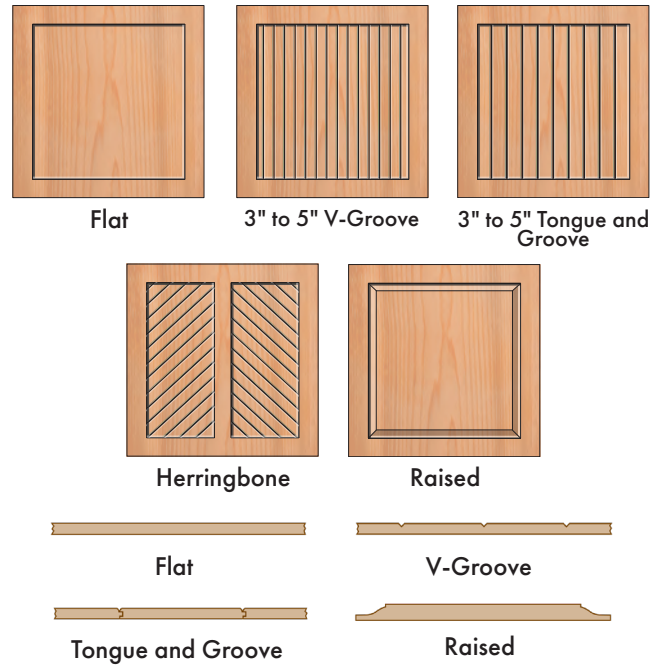

Materials

*Special order materials available upon request.

Panel Type

Panel designs can add depth and character, creating a rich and unique design for your carriage house door.

Windows

Windows provide much more than natural light. They allow you to further customize your garage door. True divided glass is standard for single pane DSB, most specialty glass, and insulated glass. Simulated divided glass is standard for tempered glass and some specialty glass. Interior muntins are available for simulated divided lites.

Factory Finishing

Everite proudly uses **PPG Proluxe** (Sikkens) stain and **Sirca** water-borne paint for in-house finishes. Our paint and stain options have been perfected over the years by our talented finishing group. Skill, cutting-edge equipment, and partnerships with high-end coating providers allow Everite to offer superior factory finishing options. We offer a simple matching and approval process to easily achieve your color goals.

SIRCA WOODTONE FAUX STAIN:

5 finishes are now available for wood appearance on Tricoya doors.

Adding an Everite Factory Finish extends the factory warranty by one year.

Complete Your Door

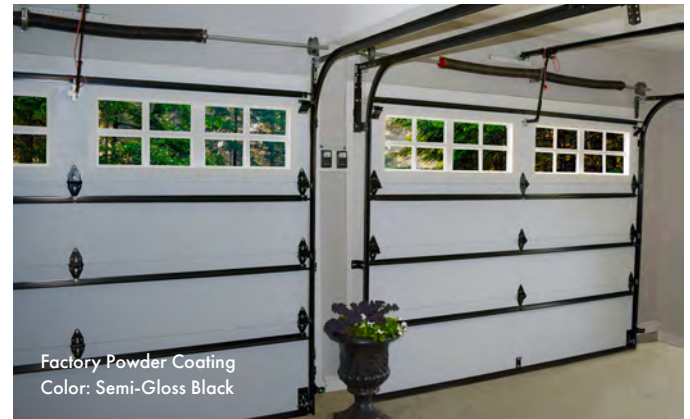

TRACK & HARDWARE:

Doors come complete with heavy duty track, struts, springs, and hardware cartons. Specialty track upgrades are available.

POWDER COATING:

Add a high-end finish for your garage door track and hardware accessories. Powder coating advances the aesthetic of your garage and protects hardware from rust and weathering.

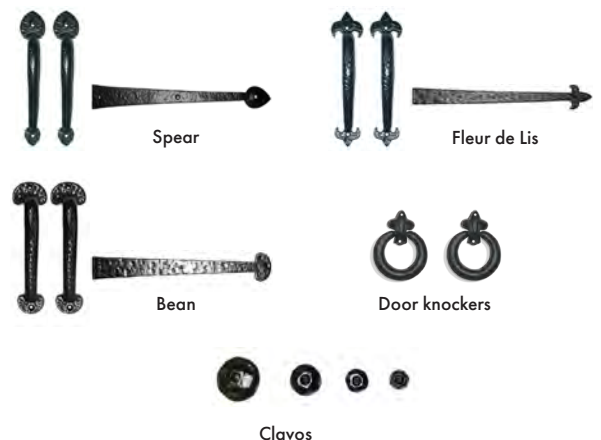

PERIMETER DOOR TRIM and BOTTOM SEALS:

Matching perimeter door trim with vinyl seal and various bottom seals are available to add to your doors.

DECORATIVE HARDWARE:

Select standard packages or customize your own to elevate the outer appearance of your garage doors.
